

Contractor Preparation Check-list

[] Download the [My_Affiliate_Links.RTF](#) Document, or create your own.

For each of the steps below, add your new link or account information to that document.

[] Open a new Gmail account to use only for the AllPaidForward Unbusiness System

[] Open PayPal and AlertPay accounts (be sure to add the new Gmail and make it your Primary email for these accounts – it will then appear on your customer's payment page and receipts)

[] Decide whether or not you need new business contacts to gather your short-list of 35 to 65 valid email addresses.

[] If so, [] open Craigslist.org and Backpage.com accounts and

[] Become a Free Affiliate – making note of your User Name , password and copy your 3 product links into the Links Document (above)

[] Assure that there are at least 35 email addresses in your new Gmail Account Address Book.

New business contacts will be added as they contact you, from ads you post, or if they buy from you via PayPal.

Otherwise,

[] Copy email addresses from other accounts and add them, with their names, as Contacts into your Gmail Address Book. (Use two browser windows or tabs for easy copying and pasting)

Once you have your 35 to 65 contacts in that Gmail Address book – email your Inviter and ask them to add your name to their list of Candidates , so they can send you their **Company 1 Affiliate Link (or one of their Team Members' links) on the following Monday**
